

Healthy and happy greetings from Little Creek Farm Conservancy!

It goes without saying that in 2020, our communities and non-profits need your generosity *now more than ever*. Please consider sponsoring our online auction, October 1-3, 2020.

So, first: THANK YOU for participating in and donating to our 501(c)3 in the past. We simply can't do it without you. This amazing and rare in-town gem of a public park brings smiles and joy to hundreds of visitors, neighbors, students and parents through on-ground horse education, riding, and equine-assisted therapy lessons and environmental conservation activities for all!

Usually, our annual fall Horsefest fundraiser attracts 1,000+ attendees, featuring horse demonstrations, fun activities for all ages, vendors and food to enjoy. This year, things look a little different: we are pleased to host an *online auction* to ensure the safety of our community while still raising much-needed funding!

100% of monies raised at this event go toward improving park features and increasing community use and access. Our mission is to promote the stewardship of Little Creek Farm for equine activities, including educational, environmental and recreational outreach programs for the general public.

This year all funds raised during the Horsefest 2020 Online Auction will be designated to a very special project "Community Access and Safety and Security" that will add and improve several targeted park improvements:

- LCFC Visitor and Volunteer Welcome Center to greet guests and provide volunteers a central area
- Safety and Security features regarding fire and access to the barn location
- ADA Access to the Grass Arena and Annex
- Safety and Directional Signage

Please join past sponsors like Stivers Subaru and Discover Dekalb and show your support of a community asset and be rewarded with recognition through one of the LCFC sponsorship levels. Friends, neighbors and the surrounding community will thank you!
